A Federal extension does not automatically create an Indian Hill extension. An automatic extension to file the Indian Hill Income tax return to November 30, 2018 is granted if at least 80% of the estimated tax to be due has previously been paid or is paid with this form no later than April 17, 2018.

Extension requests which indicate that there will be no tax due and no payment made, will be granted on a contingency basis. If, when final return is submitted no tax is owed or tax owed is less than \$50.00, penalty will not be charged. If tax owed is more than \$50.00, penalty will be charged.

Interest is assessed on all taxes remaining unpaid after April 17, 2018.
