

## **VILLAGE OF INDIAN HILL 2010 Water Main Improvements**

### **August 2010**

Water main construction, in conjunction with the **Indian Hill Water Department's** 2008 Master Plan, is continuing along **Drake Road**. All work will be completed under one lane of traffic with the use of flagmen during the day.

The installation of water main will proceed south on **Drake Road** to the southern end with one lane of traffic being maintained during the construction work hours. (estimated Time ~ August to mid September)

Expect some traffic delays and/or other inconveniences to occur.

**Thank you** for your cooperation and patience during the construction of this important water distribution infrastructure project. Any questions can be directed to Mr. Jason Adkins with the Indian Hill Water Works at 831-3885.
